New Patient Online Registration and Appointment Request

Step 1. Choose Sign Up to create the account.

Step 2. Go to My Profile to update

Step 3. Enter your demographic information as completely as possible

The screenshot shows a mobile application interface for a patient profile. On the left is a navigation menu with icons for Home, Appointments, Billing & Payments, and My Health. The main content area is titled 'My Profile' and has a sub-header 'Contact Information' which is underlined. Below this are several tabs: Security Settings, Notification Settings, Family Notifications, Insurance, and Family Access. A message states: 'Your profile information is shown below. Please click the edit link to update this information.' There are two links: 'Edit' and 'Set my notifications'. The profile information is organized into sections: Patient Information, Billing Information, Phone, Email Address, and Emergency Contact. The Patient Information section includes fields for Name (Test Patient Elder), Address, Date of birth (01/01/2001), Sex (Female), Marital status, Language, Race, and Ethnicity. There is a 'Current Photo' placeholder with an 'Upload Photo' link. The Billing Information section includes Name, Address, and Billing Phone. The Phone section includes Home, Mobile, and Work phone numbers. The Email Address section includes an email address. The Emergency Contact section includes a Name field.

Step 4. Go to “My Health” and enter your health history as completely as possible

This screenshot is identical to the one above, showing the 'My Profile' page with demographic information. The navigation menu on the left is the same. The main content area is the same, but the 'My Health' option in the navigation menu is highlighted with a heart icon, indicating it is the selected section. The rest of the page content, including the profile information sections and tabs, remains the same as in the previous screenshot.

Step 5. Send us a message letting us know you have completed the registration process online and what type of visit you need and any other information that you want to share.

We look forward to meeting you.

Sincerely,
